RE: Pest Control Advisor Examination Applicant Kyle Herron Employment

To whom it may concern at the California Department of Pesticide Regulation,

this letter is regarding the employment of Kyle Allen Herron in a field that performs integrated pest management activities. These activities include the mechanical and chemical site preparation of over 1,500 acres for the Hog, Sheep, and Dixie fire reforestation projects. Kyle Herron has coordinated chemical applications around Westwood Middle School and has been successfully inspected by Lassen County Agricultural Commissioner's office. Kyle has worked on numerous projects that involve integrated pest management activities and continues to perform projects in multiple counties on both industrial and non-industrial forestlands. Lassen Fire Safe Council hopes that this letter may help provide Mr. Herron with the qualifications needed to move forward in the examination process.

Recognition of Pesticide Work Performed

Employment dates August 8 2022 – Current

16 Months of experience in integrated pest management

Re: Kyle Herron work experience

Kyle Herron worked for me as a reforestation specialist from July 2021 to July 2022. This was a full-time salaried position with an average work week of 50 hours. His job duties included all aspects of successful conifer plantation establishment and maintenance on Company timberlands. Specifically, this involved identifying competing vegetation and pests, working with a Pest Control Advisor to develop recommendations for herbicide spraying, administering contracts for spraying and mechanical vegetation control, and field surveys to determine treatment needs and efficacy.
